

Tuff-X Filter Media MERV 5

Used on the air intake side of a roof-top unit, Tuff-X protects the internal filters.

Tuff-X Filter Media

- Ideal replacement for hog hair filter media or metal washable filters.
- Easily cuts-to-size
- Protects primary filters in roof top units.
- Tough, durable media
- Great as a Cottonwood filter screen.

January 2018

Tuff-X Filter Media

Fabricated from extra heavyweight polyester fibers that are bonded into a tough, durable air filter media. A great alternative to hog hair filters.

Media protects HVAC roof top units by keeping insects, pollen and debris from entering primary filters.
